Instructions:

1. Measure the finger where you intend to wear your ring. If you are selecting an engagement or wedding ring, it is traditionally worn on the ring finger (3rd finger from the thumb) of the left hand.
2. The Ring Sizer works like a belt. Simply push the end through the buckle to form a ring shape.
3. Slip the Ring Sizer onto your finger. Adjust to give a comfortable fit, checking that it slips over the knuckles of your finger with ease.
4. Read off the size indicated by the arrow when the best fit has been achieved. Your fingers may swell throughout the day, we therefore recommend that you measure your finger at different times of the day to ensure you achieve the correct (average) size.
